

PET POLICY AGREEMENT

PLEASE READ THOROUGHLY AND CAREFULLY

In consideration for the Hotel allowing my pet on the premises, I agree to the following terms. Specifically, I am agreeing that under no circumstances whatsoever will I leave my pet unattended in my guestroom. I accept and understand that unattended pets will disturb other guests and that this is unacceptable.

Additionally, I am agreeing to accept a \$250 minimum charge to my account as well as any amount over \$250 necessary, in the Hotel's sole opinion, to compensate other guests inconvenienced as a result of my unattended pet.

I will be responsible to pay for all damages/costs, including cleaning charges related to my pet(s) being on the hotel premises. This includes, but is not limited to, the replacement of linens and furniture, deep cleaning of carpet stains and wood flooring, and spraying for fleas and ticks.

You are agreeing that you will not leave your pet unattended at any time.

I accept the \$50 pet fee per night, which will be charged to my room upon check in.

I understand that Mill Falls at the Lake limits the number of pets to 1 per room (with a maximum weight of 40 lbs) and is not liable for any injury suffered by a pet while on Hotel premises.

As pet owner, I understand that my pet is not to be left unattended in my guest room under any circumstances. I am obligated to use the "Pet in Room" door hanger at all times. Should my pet become a bother to other guests, I understand that at any time during my stay the Hotel may require that my pet be removed from the premises. It is understood that a quiet environment will be kept and excessive barking is not acceptable.

Pets must be vaccinated against rabies and proof of vaccination provided.

I also understand that the town/city may have and enforce laws pertaining to having animals on leashes and the cleaning up of pet waste. I understand that when outdoors our dog must remain on a leash while on property including any outdoor spaces.

Dogs are not permitted in the indoor dining facilities, conference rooms, fitness center, Cascade Spa, or Indoor and Outdoor Pools.
